## **Bolton Booster Club Scholarship**

Established 2005

The Bolton Booster Club Scholarship is awarded to a Bolton High School athlete who is pursuing post-graduate education and demonstrates personal character and sportsmanship that reflects well on the Bolton community.

The Booster Club believes that sports are a wholesome outlet for all ages and a way to promote health and wellness generally in town. The Club also assists young athletes and the town through sports equipment purchases and other needs. The Club is primarily supported by generous individual contributions and proceeds from the annual Bolton Road Race.
