Bolton Booster Club Scholarship In Memory of Bruce Ralston Established 2005, Dedicated 2016

The Bolton Booster Club Scholarship, in memory of Bruce Ralston, is awarded to a Bolton athlete or a passionate sports fan (like Bruce!) who has decided to pursue education beyond high school. The individual receiving this award is committed to the thrill of competition, demonstrated through a never-say-die approach to their sport, or, by his or her visible sideline presence as an ardent fan, cheerleader, team manager, or some other positive and supportive role.

A hockey player in his younger days, Bruce Ralston was a successful businessman, board member of the Booster Club, and a lifelong sports fan – a fixture on the sidelines and stands at Bolton sporting events, who had an unshakable belief in the promising youth of Bolton. Bruce was generous with his time and resources, and always had kind and inspiring words for young athletes who gave their best on the field, court or rink.
