Bolton Ecumenical Council Scholarship

Established 2015

The Bolton Ecumenical Council is composed of the four Christian churches in Bolton. This ministry focuses on our relationship in the Lord Jesus Christ, and works in cooperation to emphasize common goals, noting similarities rather than differences.

The BEC provides an opportunity to learn and understand the beliefs and practices of other religions on an everyday working, non-philosophical level through diocesan and local programs and activities. The BEC produces mutual discussion of moral and other issues of common interest/impact. BEC sponsors joint religious/social activities; most notable is the annual Community Thanksgiving Service.

To further our community involvement, the BEC has chosen to establish a scholarship in order to help further the education of a deserving student.
