## The Marion Nicolay Art Scholarship

Established 2015

The Marion Nicolay Art Scholarship was established by the B.H.S. Class of 1974 on the occasion of their 40th reunion.

Marion Nicolay was the art teacher in Bolton for many years. She was not only a teacher but a friend to her students. Her door was always open for students to release their creativity. She cared deeply for her students, the arts and B.H.S.

Unfortunately, she had to leave teaching abruptly due to a condition that took away her eyesight.

Marion never had a chance for a proper farewell, so on Oct 4th 2014, Marion's 85th birthday, 100 of her past students and faculty members established this scholarship as a gift to her. This scholarship is in honor of Marion's teaching, the contributions she made in so many students lives, her creative spirit and her wonderful attitude toward life. Since then, Marion has continued to fund the scholarship.

Through this award Marion can continue to make a difference in the lives of art students.
