Paul T. Smith Honorary Scholarship

Established 2024

If you ever sat in Mr. Smith's class, you felt his passion for history and teaching. Mr. Smith told it like it was and held kids to a high standard. His enthusiastic delivery kept kids alert from the day's first period to the last. The combination of his passion for history with his understanding of how to motivate each student made him an incredible teacher.

A local family created this scholarship to honor Mr. Smith for his dedication to his students and in appreciation for all the life lessons he imparted over the years. We hope you will approach your teaching career with the same dedication and energy as Mr. Smith – but with your personal style.

Best of luck to you.
