Investing in the future...

Suzan Christiana Scholarship

Established 2018

Members of The Bolton Scholarship Fund, along with colleagues and friends, have created a scholarship to honor Suzan Christiana for her tireless efforts on behalf of Bolton High School students.

The Scholarship Committee has relied on Mrs. Christiana's support for many of the tasks that lead to the awarding of scholarships each year. As with everything she does, her help has always come with a smile and the question "Is there anything else you need?" When checking the Scholarship Fund mailbox late in the afternoon, Suzan would inevitably be there, still working long after everyone else had gone home.

The best testament to her incredible kindness and "under the radar" support can be seen in the strong connection Mrs. Christiana has made with students as well as the affection and respect they have for her.
